AWAKEN[®] ST

AWAKEN[®] ST puts nutrients where a germinating crop needs them: on the seed. Powered by patented ACA[®] technology, **AWAKEN ST** is a nutrition-loaded, growth-enhancing seed treatment for today's progressive cereal grower in pursuit of maximum yield and return on investment.

Product Benefits:

- A growth-enhancing liquid nutrient seed treatment
- Patented zinc ammonium acetate complex
- Balanced micronutrient package 5% zinc plus boron, copper, iron, manganese and molybdenum
- Increased germination & increased percent emergence
- Earlier emergence
- Increased early root development
- Increased shoot development (biomass)
- Increased yield potential
- Completely seed safe

Nutrition that grows results
