**LI 700<sup>®</sup>** is a non-ionic penetrating surfactant that reduces off-target spray drift and reduces spray water pH. Unique formulation technology and quality ingredients separate **LI 700** from the imitators.

**Product Benefits:**

**TO:** Drift reduction with performance-sized droplets

**ON:** Droplet retention by adhesion and spreading

**IN:** Increased penetration without cuticle disruption

- Acidification properties reducing spray solution pH, preventing pesticide degradation and maximizing performance
- **LI 700** is a low-foaming surfactant and will not cause foam problems in the spray tank
