

CHECKMATE®
MCPA Ester 600 Herbicide

www.lovelandproducts.ca

CHECK MATE® MCPA ESTER 600 HERBICIDE may be used to control most broadleaf weeds in wheat, oats, barley, rye, flax, pastures and non-crop areas.

Product Benefits:

- A cost-effective solution to broadleaf weeds including many herbicide-resistant weeds and volunteer broadleaf crops
- Strong broadleaf weed control alone or in a tank mix maintaining excellent crop safety
